

Application Form

For obtaining No-Objection-Certificate by UPCL for Grid connectivity & Net Metering of Solar Power Plant
(To be submitted by existing connection holder of UPCL only)

To,
The Director,
Uttarakhand Renewable Energy Development Agency (UREDA),
Urja Park Campus, Industrial Area
Patel Nagar, Dehradun

Sub: No Objection Certificate by UPCL for Grid connectivity & Net Metering of Solar Power Plant

Dear Sir,

With reference to above, we are submitting our application (**in two copies**) for NOC for Grid Connectivity and Net Metering of Grid Connected Solar Power Plant as per following details:-

S.No.	Particulars	Details
1	Proposed Capacity of Solar Power Plant	(in KWp)
2	Name of the applicant (Existing electrical connection holder of UPCL)	
	Address for correspondence: <u>Contact Deatils</u> (i) Land line, (ii) Mobile No E-mail ID:	
3	Details of Installation Firm/EPC Contractor for installation of solar power plant Name : Address for correspondence: <u>Contact Deatils</u> (i) Land line, (ii) Mobile No E-mail ID:	
4	Proposed project location (Complete address)	
5	Electricity Connection No	
6	Contract load as sanctioned by UPCL	
7	Project model (CAPAX/RESCO)	

Enclousers-

1. Copy of the **latest electricity bill** of the proposed project location.
2. Self attested photo copy of **Photo ID** of applicant (Aadhar card, PAN Card, Driving License etc)
3. **Notarized- Affidavit as per Annexure-1**, on non judicial stamp paper of Rs 10/-, **jointly signed by applicant as well as the firm** selected by applicant for installation of Solar Power Plant.

Signature

Name of Applicant-

Date-

Affidavit

(on non judicial stamp paper Rs 10/-,)

It is certified that we have read all terms and condition of Hon' UERC order no UERC/6/TF-338/17-18/2017/1241 dated 01/11/2017 regarding issue of NOC for grid connectivity and Net metering of rooftop solar power plant and we agree to the conditions to install the rooftop solar power plant. In case of breach of any of these conditions, we shall be solely liable and responsible. We further agree/declare that:-

1. The Solar plant shall fulfill the criteria of Captive Power Plant as defined in the Electricity Rules 2005 notified under The Electricity Act, 2003.
2. The Solar plant shall be allowed connectivity with the grid in accordance with UERC (State Grid Code) Regulations, 2016 as amended from time to time.
3. In the interconnection of solar plant with Uttarakhand power Corporation Limited (UPCL) grid, the relevant provisions of the Central Electricity Authority (Measures relating to Safety and Electric Supply) Regulations, 2010/Safety Rules as specified State Government from time to time shall apply.
4. We shall be responsible for safe operation, maintenance and rectification of defect of the system up to the interconnection point beyond which the responsibility of safe operation, maintenance and rectification of any defect in the system including the net meter shall rest with UPCL.
5. We shall be solely responsible for any incidents/accident to human being/animals whatsoever (fatal/nonfatal/departamental/non-departamental/damages to material of UPCL) that may occur due to back feeding from the solar plant when the grid supply is off and we shall not only bear the cost of the damages to the material of UPCL but also compensate for the life of any human being/animals in case of such incidents/accidents. UPCL reserves the right to disconnect the consumer's installation at any time in the event of such exigencies to prevent accident or damage to man and material.
6. The metering of the solar plant shall comply with the CFA (Installation and Operation of Meters) Regulations, 2006 as amended from time to time. All the expenditures and charges involved against the purchase of meter, meter testing, switch gear, protection arrangement, grid synchronization etc shall be borne by us.
7. The net metering of energy shall be done in accordance with billing cycle provided in the Regulation. If in a billing period, the supplied energy by UPCL is less than the energy injected by the solar plant, than **the excess energy injected into the grid would be deemed to be injected free of cost.** If we draw excess energy from the grid in a billing period, we would pay UPCL as per prevalent tariff/rates applicable on electrical connection.
8. (a) We shall be exempted from payment of monthly minimum charges or monthly minimum consumption guarantee charges equivalent to the capacity of solar plant.
(b) With regard to payment/exemption of open access charges including surcharges shall be levied as per UERC (Terms & Conditions of Intra-State Open Access) Regulations, 2015 as amended from time to time.
9. The cost of any augmentation required in the existing network of UPCL for evacuation of solar power generated by solar plant shall be borne by us. However on our request, the same may be carried out by UPCL, if we deposits with UPCL the cost incurred for augmentation of network along with the supervision charges as per Corporation rules.
10. We shall pay connectivity charges/interconnection charges to UPCL as decided by Hon'ble UERC.
11. We shall bear all the costs and liabilities, as may occur out of this NOC and if any expense due to NOC is incurred by UPCL, we Generator shall refund such amount provided UPCL shall give reasoning for such expenses. Further, if any dispute arises in future w.r.t. this NOC, We, UREDA and UPCL shall make every effort to resolve the issue amongst ourself. If the said dispute/dissatisfaction remains unresolved, either party may approach the Commission.
